

'PRESCRIPTIONS FOR SHIELDING PATIENTS'

If you are shielding, please try to arrange for someone else to collect your prescription.

If you are unable to do that we are working with volunteers to arrange a delivery service.

Please email us at charingsurgery@nhs.net with your name, address, mobile number and the date your prescription is due.

Please include the words 'DELIVERY SHIELDING' in the subject of the email.

Please remember it is volunteers supporting deliveries so do not request a delivery unless you really have no other way of having your prescription collected.
